

2024 Eastern Division Annual Conference May 9 - 11, 2024 Mount Laurel, New Jersey

Fire Service Professionals and Emergency Services Vendors:

New Jersey will be hosting the 2024 Annual Conference of the Eastern Division International Association of Fire Chiefs. The Conference will take place May 9 - 11, 2024 and promises to offer both educational and networking opportunities with members from the Eastern Division states, which include New Jersey, New York, Pennsylvania, Delaware, Maryland, and the District of Columbia.

The 2024 Conference is titled "**LEADERSHIP ON THE LINE**". This year's Conference will be centrally located and will be hosted in Mount Laurel, NJ at DoubleTree Suites by Hilton Hotel. This hotel is conveniently located adjacent to the New Jersey Turnpike and Route 295.

Conference activities will be held at the hotel. It is our goal to provide you with a quality experience where relevant and impactful speakers will deliver critical information for you to expand your knowledge as a fire service professional to take back to your departments. Furthermore, we are optimistic that, through social events, this Conference will allow a great opportunity for networking with fellow peers, industry vendors, and today's fire service leaders.

Scheduled events will kick off the conference with a "VENDORS NIGHT" to be held Thursday evening, May 9th. Friday will consist of the conference's business and educational sessions, along with the EDIAFC Annual Installation and Awards Dinner. There will be a partners program on Friday for spouses who wish to attend. Friday and Saturday will provide additional opportunities for sponsors/vendors to engage with future customers.

Sponsorship opportunities are available and are explained on the following pages. In the meantime, should you have questions, please contact Conference Chairman Christopher Burnett at ediafc2024@gmail.com.

See you at the 2024 Conference!

Fraternally,

Joseph Cunningham, Sr. | President
Eastern Division - International Association of Fire Chief
