2024 FUND DRIVE

Dear Neighbor,

It is that time of the year when the Georgetown EMS asks for your support through our Annual Subscription Drive. When you make a tax deductible donation of \$150 or more you and those living in your household become subscribers. Being a subscriber means that in the event you need an ambulance for emergency transport to a local emergency room, you will not have to pay any out of pocket expenses for said transport. In most cases insurance companies will pay 60-80% of an emergency transport bill, leaving the remainder of the balance for the patient to pay. By becoming a subscriber with Georgetown EMS, there would be no balance due for the transport. **The Georgetown EMS 2024 Subscriptions run from September 1, 2024 thru August 31, 2025.**

To ensure constant coverage, we have two basic life support units that are in service 24/7/365 providing emergency care to the Georgetown community. All of our emergency medical technicians (EMT'S) comply with National and Delaware regulations for certification.

Your generous donation goes towards staffing highly trained EMS personnel, updating much needed life-saving equipment, as well as, providing essential safety gear and quality training for our crews.

Thank you,
Georgetown EMS

DID YOU KNOW?

In 2023 we responded to 3,615 calls for 9-1-1 service.

During those calls we traveled 98,210 miles with our units being in service 3,669 hours.

Subscriptions run from September 1, 2024 thru August 31, 2025.

YOUR HELP - HELPS US SAVE LIVES!

We need your support to help us maintain the ambulance service in our community! The subscription rate is \$150, but any extra donation over the subscription amount is very important to our operation and is greatly needed and appreciated!

\$ Amount Category:	SUBSCRIPTION AMT	EXTRA DONATION	TOTAL \$ ENCLOSED
Ambulance Service:	\$150	+ \$	=

Account#

Effective September 1, 2024 thru August 31, 2025. Make your check payable to: Georgetown Ambulance Service

How does the Subscription work?

Your annual \$150 subscription will cover emergency transportation of all of your household members to the nearest medical facility.

We will bill your health insurance provider for the emergency transports, and if you have donated to our fund drive, we will accept what your insurance company will pay - you will not be billed any additional fees.

For example:

- Ambulance service for John Doe..... \$1000
- Insurance company pays..... \$600
- Amount waived, if John Doe is a subscriber to our services..... \$400

John Doe must remit the balance of \$400 to the Georgetown Ambulance if he or she has not subscribed for our services.

Note: The above explanation reflects a third-party billing process, implemented due to the increased cost of personnel and medical equipment.

Subscriptions begin September 1, 2024 and end August 31, 2025
