The Verona Fire Department is a suburban combination Fire Department located in Dane County, Wisconsin on the southwest side of the City of Madison the State Capital and the second largest City in the state. The City of Verona Fire Department also provides fire and rescue services to the Town of Verona with a combined population of 14,000 and covers 32 square miles out of one station. In addition, responds and assists Paramedics on EMS calls.

Verona is a growing, vibrant community with many recreational, cultural, and business amenities. Our residents enjoy a high quality of life, excellent schools, and the small-town feel. We are a center for recreation in the region which serves as a crossroads for the Military Ridge State Bike Trail and the National Ice Age Trail. These trails, which run right through the heart of Verona, provide a wonderful natural setting with bicycle and walking connections to Madison and other area communities. Hundreds of acres of parkland are located in and around Verona and it is also a great place for business from the specialty shops in our downtown to the corporate headquarters of a worldwide healthcare software company which is the second largest employer in Dane County with approximately 10,000 employees daily. In addition, the Town of Verona has a rich rural heritage with natural resources including over 70 percent of the lands are actively farmed. Portions of the town are wooded and have glacial terminal moraine, as well as other predominant features such as the Badger Mill Creek and the Sugar River.

Sincerely,

Mitchell Weckerly
